## 6. ACCIDENTAL RELEASE MEASURES

|                            |   |
|----------------------------|---|
| Personal precautions:      | Will be slippery on solid surfaces. Evacuate person to safe area. Use proper personal equipment as indicated in section 8.  |
| Environmental precautions: | Depending on amount of spillage, avoid runoff into sewers, ditches, and water ways.   |
| Containment and clean up:  | Contain spill with inert dry material, such as vermiculite or sand. Neutralize before disposal by adding slowly sodium carbonate. Sweep or vacuum up and place in suitable container for proper disposal. Dispose of in accordance with local laws. Generally not considered harmful for drain disposal after neutralization to pH 6-7.8. |
